## THE MICROBE OF LOVE.

One of the best local talent plays that has taken place in Winnsboro was given at the Community House on last Friday evening by about thirty-five of Winnsboro's young people.

The chorus girls were charming in their dainty and becoming costumes—while the old maids afforded a great deal of amusement with their absurd costumes and their schemes for catching a husband from among Winnsboro's remaining bachelors. The bachelor scene was very good—each bachelor giving his own ideas of how to keep out of the path of the other sex. Mr. and Mrs. Henpeck gave a scene from real life, she with the help of the rolling pin and he drowning his sorrows in the punch bowl. The part of the purveyor of the Microbe which inoculated its victims with the seductive love serum was played admirably by the attractive and capable coach, Miss DeLoche.

On the whole the entertainment was a delightful one and was enjoyed by everyone present. The sum of \$279 was taken in—half of this going to pay for the services of the director, and the other half for the benefit of the Community House.

"A domestic science teacher said it was the lightest cake she had ever tasted or seen—but remarked that I used at least six eggs in every cake. She wouldn't believe I used only two—until I showed her exactly how I made it. Now she uses nothing but Royal."
